

## Bearing Module 58

- **Article-No.: 85-900-077 / 85-900-078**
- **Use**
  - Heavy industry
  - Rolling mills
  - Presses
- **Delivery occurs completely in a mounted manner with a custom-designed encoder type or can be attached later**

### General characteristic data

### Description

The Bearing-Module 58 is used as bearing adapter for our 58 encoder types, to absorb excessive bearing loads. A typical application is the attachment of a chain disc or belt disc.

85-900 077: 10er shaft

85-900-078: 12er shaft

### Mounting - Overview

### Encoderanbau Encoder bolt on

(nicht im Lieferumfang)  
Without extent of supply

Zentrierung Grundflansch  
Centering basic flange

CE-58 ohne Flanschring  
/ without flange ring

### Bearing Module

Schraube / screw M3x35  
DIN912 Nr. / No. 27-004-086  
3 Stück / pieces  
im Lieferumfang / extent of supply

| Art-Nr.<br>/ PO- No. | Dw  | Lw    | Bemerkung / Remark                          |
