

## product introduction

The ODDM-S75 Brick Light is specially designed for Cognex camera systems and is designed to operate at up to 500mA of constant or strobing current provided by the camera system with an intense and even light distribution pattern. With its simple direct connection to the DM300, versatility is at its peak. Strobe and pulse duration are determined by the DM300. Built in SafeStrobe Technology ensures over-current protection of LED's.

## product features

**COGNEX**

- Connects directly to Cognex DM300 Reader
- Powered Directly from DM300 External Light Control
- SafeStrobe Technology ensures protected operation of LED's
- Industry Standard M12 Quick Disconnect
- High Speed >> Fast Response

## product specifications

<b>Current</b>	Max. 500mA
<b>Wattage</b>	Max. 12W
<b>Connection</b>	Direct Connect to DM300 – 5pin M12 jumper 'male to female'
<b>Electrical Input</b>	Powered by DM300
<b>Strobe/Pulse Time</b>	Specified by DM300

## mounting & accessories

Direct connect cables available in 1 meter and 2 meter lengths.
